

GEOMETRIC ANALYSIS ON SMOOTH AND NON-SMOOTH SPACES

WHEN

19-23 June 2017

WHERE

SISSA

Via Bonomea, 265
Trieste (Italy)

INFO

<https://geometricanalysis.trieste.wordpress.com>

Geometric analysis is a wide research field which receives inputs from different areas of mathematics: from geometric flows to non-smooth geometry, from complex geometry to optimal transport. Aim of the conference is to bring together experts with various backgrounds with the hope to foster an intensive exchange of ideas.

INVITED SPEAKERS

Claudio Arezzo (ICTP)
Huai-Dong Cao (Lehigh University)
Giovanni Catino (Politecnico di Milano)
Ivan Gentil (Université Claude Bernard Lyon 1)
Shouhei Honda (Tohoku University)
Vitali Kapovitch (University of Toronto)
Martin Kell (University of Tuebingen)
Christian Ketterer (University of Freiburg)
Bruce Kleiner (New York University) – to be confirmed

Kazumasa Kuwada (Tokio Institute of Technology)
Jan Maas (Institute of Science and Technology Austria)
Carlo Mantegazza (Università degli studi di Napoli)
Lorenzo Mazziere (Università di Trento)
Andrea Mondino (University of Warwick)
Anton Petrunin (Penn State University)
Takashi Shioya (Tohoku University)
Peter Topping (University of Warwick)

ORGANIZER

Nicola Gigli (SISSA)

FUNDING

The conference is funded by the MIUR-SIR grant RBS1147UG4 'Nonsmooth Differential Geometry'
